Organization profile

ORGANIZATION PROFILE IoTides Pvt. Ltd. a start up registered under DIPP, Govt. of India & KSUM, Govt. of Kerala, is a dynamic and innovative technology company, specializing in cutting-edge solutions in the fields of IoT, AI, data analytics, blockchain, and web development. Founded in 2019, IoTides has quickly established itself as a leader in these domains, providing end-toend services that empower businesses to harness the power of technology and transform their operations. Our vision is to be a global leader in innovative technology solutions, enabling businesses to achieve unparalleled efficiency, security, and growth through the power of IoT, AI, and blockchain. IoTides is committed to delivering cutting-edge technology solutions that transform the way businesses operate. We strive to innovate continuously, providing our clients with scalable, secure, and efficient solutions that meet their unique needs.Core Competencies are Internet of Things (IoT) Solutions, Artificial Intelligence and Data Analytics, Blockchain Technology, Web and Mobile Application Development. IoTides has partnered with a diverse range of clients across industries, including healthcare, security solutions, manufacturing, education, and retail, delivering tailored technology solutions that drive innovation and growth. The IoTides Skill Development Program is an initiative designed to bridge the gap between academic learning and industry demands. Focused on emerging technologies such as IoT, AI, blockchain, and full-stack development, the program equips students and professionals with the skills needed to excel in today’s fast-paced technological landscape. With a hands-on, project-based approach, the program aims to nurture the next generation of tech leaders and innovators

ACKNOWLEDGEMENT

The satisfaction that accompanies that the successful completion of any task would be incomplete without the mention of people whose ceaseless co-operation made it possible, whose constant guidance and encouragement crown all efforts with potential success. We take immense pleasure in expressing our heartfelt indebtedness to our respected principal Dr. N Sasikumar, as to conduct and fruitfully complete the project. We are indebted to our project guide Harikumar K to whom we accord our sincere gratitude and profound thankfulness, for her good guidance insightful opinion and constructive criticism. We do wish to extend our profound thanks to all other lectures Mrs.Shijimol AS, Mrs. Manju G S, Mrs. Thankam S of the Department of BCA, for their valuable support, thoughtful vision productive suggestion and guidance. We are also indebted to our Lab Instructors too. Last but not least, our sincere thanks to our parents, family members and friends for their continuous support, inspiration and encouragement without which this project would not have been success.

With gratitude,

Afsal sha (33222959009)

Anandhu Av (33222959016)

Muhammad Aslam(33222959033)
